### We hope...

- You'll be part of listening to the voice of the Spirit trying to speak to the Church today.
- You'll start informal conversations with those you know around these two questions.
- You'll report back what you hear either to your local parish/diocese or directly to us.
- You'll pray with us for the Church, as she learns to become a deep listener, trusting the People of God's wisdom.
- You'll invite others to host informal listening sessions:
